

## We're Proud to Present

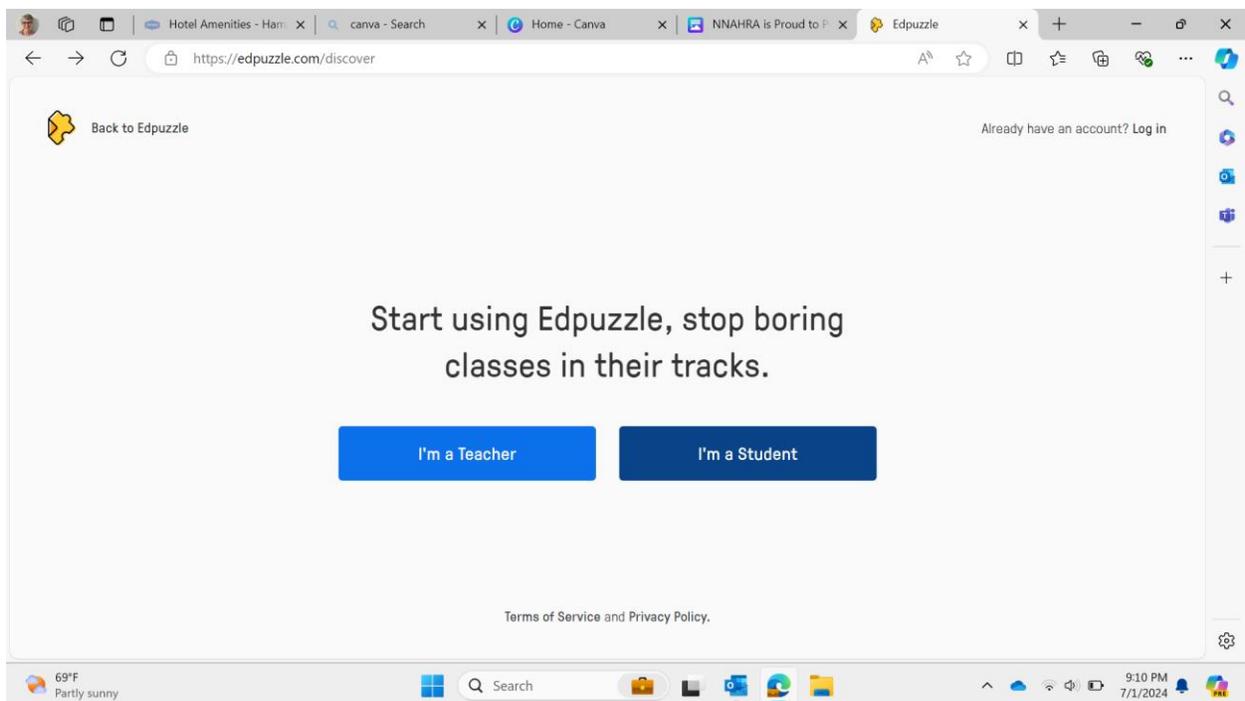

# NNAHRA on Demand Learning

We recognize you're each very busy serving your Tribal Communities and it's difficult to be available for our traditional Coffee with NNAHRA sessions. We have selected **EdPuzzle** as our learning platform. The recorded sessions, featuring sponsors, partners and subject matter experts, are geared to assist you in maintaining your Tribal HR Professional and HR Management Professional certifications. Here are a few tips before you enter the "classroom":

- Recertifications continue to require a total of 24 hours of training and development.
- Our classroom. NNAHRA on Demand Learning, contains a variety of subjects varying in duration.

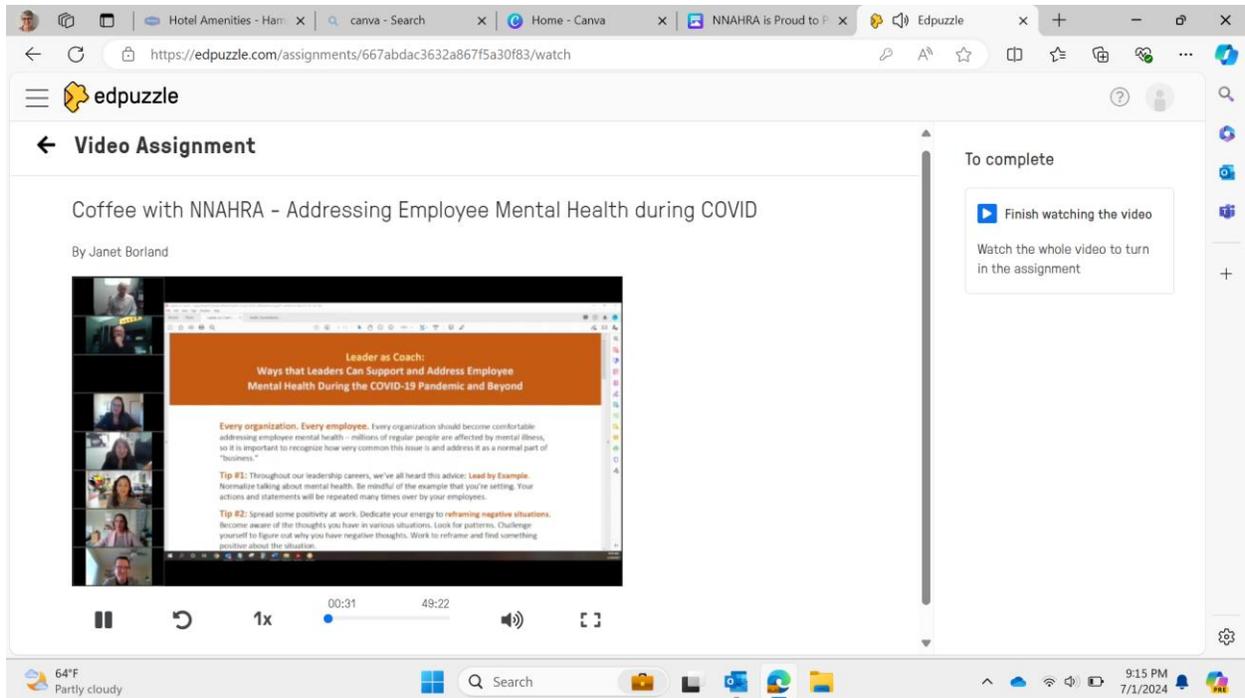

- Viewers may not “skip” or fast forward content as the video will stop and resume once you return. A student must view the video completely to receive participation/viewing credit.
- In the future, NNAHRA will be adding questions to various sections to gauge comprehension.
